COLLEGE OF ENGINEERING & TECHNOLOGY
NAAC Accredited

Date: 30-11-2023

Notice

This is to inform all second year and third year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.

STAAD Pro helps structural engineers to automate their tasks by removing the tedious and long procedures of the manual methods. It allows civil engineers to analyze and design various types of structures on virtual platforms.

Details of Training Program:

Course: Software Program on STAADPRO COURSE
Total duration: 30 hours
Start Date: 03/12/2023
End Date: 30/12/2023

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all second year and third year civil engineering students.

Timing: 10:00am – 12:00pm & 02:00 pm to 04:00pm (Every Saturday & Sunday)

Date: 29-09-2023

Notice

This is to inform all third year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.
ETABS has one of the most easy and intuitive interfaces for modelling. ETABS allows the user to model with a very friendly graphical mode. There is also an editor mode which rarely needs to be used as the graphical interface gives you sufficient options to model complicated structural models with ease.

Details of Training Program:

Course: Software Program on ETABS COURSE
Total duration: 35 hours
Start Date: 01/10/2023
End Date: 29/10/2023

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year civil engineering students.

Timing: 10:00am – 12:00pm & 02:00 pm to 04:00pm (Every Saturday & Sunday)

Notice

This is to inform all third year and final year mechanical and civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.

AutoCAD is a computer-aided drafting program used for many different design processes. Its usage centers on drawing with electronic equivalents of real-life drafting tools. The added support of digital precision helps with measurements and calculations, 3D components, and data sharing.

Details of Training Program:

Course: Software Program on AutoCAD COURSE
Total duration: 30 hours
Start Date: 05/08/2023
End Date: 27/08/2023

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year and final year mechanical and civil engineering students.

Timing: 10:00am – 12:00pm & 02:00 pm to 04:00pm (Every Saturday & Sunday)

ADD ON COURSE FEEDBACK FORM

Please fill out this short feedback form so we can ensure top quality Course to all of our students.

Feedback Form

1) **How useful was the course material.**
   - **Poor**
   - ✓ **Good**
   - **Excellent**
2) **Did the course provide quality teaching services in aspect of theory and practical.**
   - ✓ **Yes**
   - **No**
3) **Did the course meet your needs and expectations?**
   - ✓ **Yes**
   - **No**
4) **How would you rate the course for your personal development and job training?**
   - **Poor**
   - ✓ **Good**
   - **Excellent**
5) **How satisfied are you with the course?**
   - **Not likely**
   - **Likely**
   - ✓ **Fully Satisfied**
6) **Any other opinions/suggestions to improve the quality of the course program?**

very good programme and useful to student. with improvment our knowledge.

Notice

This is to inform all third year computer engineering students that our college is conducting ADD-ON CERTIFICATE Course.
Python is commonly used for developing websites and software, task automation, data analysis, and data visualization. Since it's relatively easy to learn, Python has been adopted by many non-programmers such as accountants and scientists, for a variety of everyday tasks, like organizing finances.

Details of Training Program:

Course: Software Program on PYTHON COURSE
Total duration: 35 hours
Start Date: 02/09/2023
End Date: 30/09/2023

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year computer engineering students.

Timing: 10:00am – 12:00pm & 02:00 pm to 04:00pm (Every Saturday & Sunday)

Notice

This is to inform all final year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.
Selenium is an open-source test framework that is used to automate the actions of the product under test. To put it plainly, Selenium automates a web browser to behave like a user while allowing you to write test scripts in different programming languages including Java, Ruby, PHP, Python, C#, Node JS, etc. Selenium-based tests are ideal for testing different types and versions of web browsers.

Details of Training Program:

Course: Software Program on Selenium Gird (Automation testing) COURSE

Total duration: 40 hours
Start Date: 03/12/2023
End Date: 30/12/2023

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all final year computer engineering students.

Timing: 10:00am – 12:00pm & 02:00 pm to 04:00pm (Every Saturday & Sunday)

ADD ON COURSES FEEDBACK

Please fill out this short customer feedback form so we can ensure top quality service to all of our students.

Feedback Form

1) **How useful was the course material.**
   - **Poor**
   - **Good**
   - ✓ **Excellent**
2) **Did the course provide quality teaching services in aspect of theory and practical.**
   - ✓ **Yes**
   - **No**
3) **Did the course meet your needs and expectations?**
   - **Yes**
   - ✓ **No**
4) **How would you rate the course for your personal development and job training?**
   - **Poor**
   - ✓ **Good**
   - **Excellent**
5) **How satisfied are you with the course?**
   - **Not likely**
   - **Likely**
   - ✓ **Fully Satisfied**
6) **Any other opinions/suggestions to improve the quality of the course program?**

No need

Skills are very important in future generation and for upcoming jobs.

COLLEGE OF ENGINEERING & TECHNOLOGY
NAAC Accredited

Date: 03-08-2023

Notice

This is to inform all final year computer engineering students that our college is conducting ADD-ON CERTIFICATE Course.
Java is easy to learn. Java was designed to be easy to use and is therefore easy to write, compile, debug, and learn than other programming languages. It is object-oriented. This allows you to create modular programs and reusable code. It is platform-independent.

Details of Training Program:

Course: Software Program on JAVA Course
Total duration: 40 hours
Start date: 05/08/2023
End date: 03/09/2023

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all final year computer engineering students.

Timing: 10:00am – 12:00pm & 02:00 pm to 04:00pm (Every Saturday & Sunday)

Course Co-ordinator
Prof. Soni Ragho
