## Report on Soft Skill Programme

**Name of the event: Soft Skill Programme**

**Organized by: Dr. Harish Harsurkar (TPO VPSCET).**

**Date & Time: 02/06/2023, 10AM to 4PM.**

**No. of Participants: 231**

### Summary of sessions

Sr. No.	Resource Person with details	Topic
1	Prof. Gopal Krushna AMITY Global Business School, Pune.	"Soft Skill Development".

**Abstract of proceedings:** Soft Skills Training is an important part of Management Training as it has a significant impact on a student manager's overall development. The Soft Skills Training conducted by VPSCET focuses on elements of Training & Development that require changes in Communication, behaviour, adaptability & Critical thinking.

Soft Skills as opposed to hard skills, greatly impacts the personality development of student managers. Organizations today recognize that the professional development of their employees plays an important part in maintaining relationships with their customers and developing a successful business. Being freshers and adapting to the

corporate needs is eased by undergoing a rigorous training at VPSCET. Many organizations work with point of view that soft skills such as Cultural Sensitivity, Business Etiquette and good Communication Skills (telephone etiquette, email etiquette, information gathering and listening skills) make a greater impact on clients from across the world. Our modules in Soft Skills encompass a wide range of skills that most organization find an integral and necessary part of everyday business, from basic communication skills to strategy and change management.

### **General Participant Feedback:**

**Appreciations:** The participants have showered much appreciation on the session as being informative, important and interactive. They explained how the session is useful for them for development of soft skills as well as seminar skills.

### Programme Proceedings:

Our unique approach is to prepare the students of pre final year and final year to take up aptitude and programming practice in online platform. The questions are released to the students on the basis of difficulty medium to be eased out taking regular practice for blue chip kind of companies.

All final year students are informed to join the online training programme which is beneficial for the final year students of engineering. The programme is conducted by EXCEL R solutions in online mode.

Students of computer civil mechanical branch final year attend the online programme and get the benefits of the outcomes of the programme.

## Programme Proceedings:

If you are a knowledge enthusiast who is always looking forward to grabbing on some information, one of the best ways to that is to seek online classes. Though you may be wondering that the most effective type of learning is to reach out for some coaching center or schools. Especially, when you are planning to get into something interesting like data analyst course, you always try to seek those options where you can actually give a boost to your skills. However, if you get an opportunity to participate in some online classes, it can help you with great gains with so many benefits.

So, the software program Git&GitHub is organized by excelr solutions and the link for the programme is provided by the TPO to all the students group and students from second year of computer engineering to final year are attend the online sessions by the youtube link. The session was really helpful for the students are students are benefitted by the program.
