Summary of sessions

Sr. No.	Resource Person with details	Topic
1	Mr. Saurabh Ranavat, Trainer, I-medita, Baner, Pune. Contact: 7720077809	ICT/Computing Skills Development

Abstract of proceedings:

With the changing educational trends, versatility in educational courses, availability of masses of qualified personnel, the competition for job acquisition and job sustainability is becoming more and more tough. To get an edge over the competitors, students are left with no choice but to add values to their hard skills with soft skills to exhibit their true potential. Hard skills are academic skills, experience and level of expertise while soft skills are self-developed, interactive, communication, human and transferable skills. Literature suggests that hard skills contribute to only 15% of one's success while remaining 85% is made by soft skills. Most employers these days want to hire, retain and promote persons who are dependable,

1	Mr. Veejay Gavali, Trainer, Rubicon industries. Contact: 8378028310	Life skill-Personality development skills, seminar skills and career guidance

Abstract of proceedings: With the changing educational trends, versatility in educational courses, availability of masses of qualified personnel, the competition for job acquisition and job sustainability is becoming more and more tough. To get an edge over the competitors, students are left with no choice but to add values to their hard skills with soft skills to exhibit their true potential. Hard skills are academic skills, experience and level of expertise while soft skills are self-developed, interactive, communication, human and transferable skills. Literature suggests that hard skills contribute to only 15% of one's success while remaining 85% is made by soft skills. Most employers these days want to hire, retain and promote persons who
