Report

Women safety and gender Sensitization

A seminar on 'Women safety and gender Sensitization' was organized by the NSS & WGC Unit on 24th March 2018. The Co-ordinator of the forum Prof .Priti T Chorade delivered the welcome speech. The eminent academician Ms. Naik Nisha prashan was the resource person who immensely enlightened the students with her inspiring words. She delivered an insightful speech on the importance of attaining equality between men and women,eliminating all forms of discrimination against women. The session made us learn about female rights, how to effectively exercise them in the hour of need and the importance of spreading the idea of gender sensitization among the masses, She exhorted the students to understand their role in decision making and their right to practice any job of their choice. The seminar ended with vote of thanks proposed by Prof. Husain Shaikh.

Common health issues in females: healing through Ayurveda

Common Health Issues in Females: Healing through Ayurveda The purpose of medical science is not to down-scale everything to a physical level, but to penetrate deeper into the realm beyond sensory perceptions and bring a more holistic approach to treatment . In this context, Ayurveda is the perfect example as it combines elements of yoga, food habits and epigenetic social cultures. It can be especially beneficial for women's health as it tackles problems with intricate detail rather than dismissing symptoms as female hysteria- the blunder modern medicine has made for years. Taking cognizance of this, seminar on ' Common Health Issues in Females: Healing through Ayurveda' on 11 October 2022.

The session saw enthusiastic participation of about 50 people from the teaching faculty and students. Our speaker Ms Kumthekar Kavita Mandar enlightened the audience about various health ailments in women like pcos, UTIs, uterine fibroids etc and how these can be treated

through ayurvedic herbs and yoga asanas. The importance of maintaining good health was emphasized with special caution against anxiety and depression. The speaker also recommended ayurvedic ways of improving several aspects of our daily lives like sleeping schedule and diet. An interactive Q&A session followed after the speaker's address where doubts of the audience were quenched. The webinar ended with a vote of thanks by Professor Priti T Chorade of the Computer department where she thanked the audience, our respected principal Dr. Manav A Thakur for logistic support. In all, the webinar was insightful and successfully conducted.

seminar on Nirbhay Kanya Abhiyan in campus

This is a scheme introduced by the University to develop the confidence and personality of a lady student who comes from the rural areas and are deprived sections of society. The marginalization and deprivation is double if you are a woman and from the backward or scheduled castes. The main objective of this seminar is to develop a critical mind, self-confidence and a commitment to society. Ms. Naik Nisha Prashant speech on in health, law, and social activities. They are also given speech on self-employment and all possible other activities that enhance her social confidence. lady students out of which a majority of them come from rural based background. These student have to travel daily by bus or other means of transport to attend their respective college / institutes. It is very likely that these lady students during their travel may experience all sorts of atrocities in a challenging environment, which prevails today. In order to make them face the prevailing situation and develop self-confidence to face courageously these situations the scheme has been introduced.

women health and deficiencies

Because of biological and gender-related distinctions, being a man or a woman has a substantial impact on health. Women's and girls' health is of particular significance since they are disadvantaged in many nations due to prejudice based on sociocultural factors. Women and girls, for example, are more vulnerable to HIV/AIDS than men. WGC presented an educational discussion on the topic of Women Health and Deficiencies in order to benefit this cause and raise awareness on August 26 2022. Were extremely delighted to introduce our speaker for the session, Ms Zanje Sarita Vasant, Nutrition Consultant Dietetics and Weight Management. It was indeed an insightful session where the speaker made us aware about various health issues and also their remedies. She also talked about how women shape society and why it is important for them to take good care of themselves. More than 50 people joined the webinar and also interacted and asked questions from the speaker.
