ACADEMIC YEAR 2021-2022

Ref. No. vpscet/ Int/Con

Date : 14 / 11 / 20 21

Notice

This is to inform all second year and third year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.

STAAD Pro helps structural engineers to automate their tasks by removing the tedious and long procedures of the manual methods. It allows civil engineers to analyse and design various types of structures on virtual platforms.

Details of Training Program:

Course : Software Program on STAADPRO COURSE

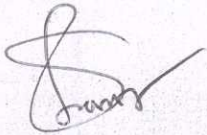

Total duration : 30 hours

Start Date : 15/11/2021

End Date : 03/12/2021

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all second year and third year civil engineering students.

Timing: 09.00am – 11.00am

Notice

This is to inform all second year computer engineering students that our college is conducting ADD-ON CERTIFICATE Course.

One of the things that make SQL a popular choice is that it doesn't require any substantial knowledge about coding and writing programs. SQL has some basic keywords such as, SELECT, INSERT INTO, UPDATE, etc that can carry out tasks. Syntactical rules are also simple and easy to follow.

Notice

This is to inform all third year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.

ETABS has one of the most easy and intuitive interfaces for modelling. ETABS allows the user to model with a very friendly graphical mode. There is also an editor mode which rarely needs to be used as the graphical interface gives you sufficient options to model complicated structural models with ease.

Details of Training Program:

Course : Software Program on ETABS COURSE

Total duration : 35 hours

Start Date : 20/11/2021

End Date : 11/12/2021

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year civil engineering students.

Timing: 09.00am – 11.00am & 12.00pm – 3.00pm (on every Saturday & Sunday)

Notice

This is to inform all final year mechanical engineering students that our college is conducting ADD-ON CERTIFICATE Course.

ANSYS, mechanical engineers will get an opportunity to carry out dynamic analysis using their pre-existing knowledge of linear dynamics, spectrum response and random vibration with pre-stress. They can even learn to come up with advanced solver options for rapid solutions.

Details of Training Program:

Course : Software Program on ANSYS Course

Total duration : 40 hours

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all final year mechanical engineering students.

Notice

This is to inform all third year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.

ETABS has one of the most easy and intuitive interfaces for modelling. ETABS allows the user to model with a very friendly graphical mode. There is also an editor mode which rarely needs to be used as the graphical interface gives you sufficient options to model complicated structural models with ease.

Details of Training Program:

Course : Software Program on ETABS COURSE

Total duration : 35 hours

Start Date : 14/11/2019

End Date : 21/12/2019

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year civil engineering students.

Timing: 09.00am – 11.00am & 12.00pm – 3.00pm (on every Saturday & Sunday)

One of the things that make SQL a popular choice is that it doesn't require any substantial knowledge about coding and writing programs. SQL has some basic keywords such as, SELECT, INSERT INTO, UPDATE, etc that can carry out tasks. Syntactical rules are also simple and easy to follow.

Notice

This is to inform all third year civil engineering students that our college is conducting ADD-ON CERTIFICATE Course.

ETABS has one of the most easy and intuitive interfaces for modelling. ETABS allows the user to model with a very friendly graphical mode. There is also an editor mode which rarely needs to be used as the graphical interface gives you sufficient options to model complicated structural models with ease.

Details of Training Program:

Course : Software Program on ETABS COURSE

Total duration : 35 hours

Start Date : 27/10/2018

End Date : 11/02/2018

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year civil engineering students.

Timing: 09.00am – 11.00am & 12.00pm – 3.00pm (on every Saturday & Sunday)

Notice

This is to inform all third year and final year mechanical engineering students that our college is conducting ADD-ON CERTIFICATE Course.

Ansys Mechanical creates an integrated platform that uses finite element analysis (FEA) for structural analysis. Mechanical is a dynamic environment that has a complete range of analysis tools, from preparing geometry for analysis to connecting additional physics for even greater fidelity.

Details of Training Program:

Course : Software Program on ANSYS COURSE

Total duration : 40 hours

Start Date : 17/02/2018

End Date : 24/02/2018

Certificate will be awarded on the completion of the course. 75% attendance is mandatory for all third year and final year mechanical engineering students.

Timing: 09.00am – 11.00am
