Report of

Feedback Analysis on Curriculum

(Students, Employers)

Academic Year 2025-26

Submitted to

Internal Quality Assurance Cell

VPS COLLEGE OF ENGG. & TECH. LONAVALA

Feedback Analysis Report

Introduction and Objectives:

Vidya Prasarini Sabha's College of Engineering, Lonavala was established in the year 2013. The college aims at the overall development of the students to become entrepreneurs and professionals in the respective disciplines. Every year a survey was conducted to assess the satisfaction of all the stakeholders (Students, Teachers, Parents, Alumni and Employer) regarding curriculum of the college. The college is permanently affiliated to Savitribai Phule Pune University, Pune and follow curriculum prescribed by the university. Receiving positive or negative feedback from these stakeholders is important as both these are crucial in helping monitor and evaluate the provision. Listening to what stakeholder say is a contributing factor to running a successful college or institution.

Methodology:

In Academic year 2025-26 we ask all the stakeholders to fill the feedback form (provided by the college) at the time of alumni meet, parents meet, students farewell function, teachers meetings and other various occasions.
